Spring and Summer Medicine.

Dr. Townsend's Sarsapariffa. the world.—This extract is put up in quart butdes; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without founding, purging, a ckening, or debilitating the patient.

The great beauty and superiority of this Sarsapatible over all other remedies is, while it eradicates disease, it invigorates the body.

Ulcers, Scrofula, Erysipelas, Balt Rhoum, Pimples on the face, &c. &c., together with numerous cases of consumption, Liver Complaint, Spinal Affections, &c., This, we are aware, must appear incredible, but we have letters from physicians stid our Agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Eaq., one of the most respectable druggists in Newark, New Jersey, informs us that he can refer to more than one hundred and fifty cases in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure, and to men of character well known. UNITED STATES OFFICER .- Cap' . G. W. McLean, men ber of the New Jersey Legislature, late of the United States Navy, has kindly sent us the following certificate. it tells its own story :

Rahway, January 25, 1847. A year since I was taken with the influ- nza and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles I was very much relieved, and attributed it entirely to the said Sarsaparilla I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under any THE FOITOR —John Jackson, Faq., Editor of the Rah-way Republican, published the above sertificate, and remarked in an editorial as follows:

The success of Dr. Townsend's preparation of Sarsa-parilla appears to be of the most extraordinary charac-ter. We publish to-day two certificates in its behalf, one from Capt. McLean, of this town, and one from Rev. Mr. White, of Staten Island, a gentlemen well known in Rahway.—Capt. McLean believes the medicine to have saved his life, and Mr. White seems to entertain an e-qually strong confidence in its efficacy. Intelligent men like these would not praise so s rongly what they did not fully believe to descrive it.

SCHOFULA CURED - This certificate was handed in to Dr. Townsend's office this week, and conclusively prove that his Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in

THREE CHILDREN.

Dr. Townsend—Dear Sir: 1 have the pleasure to inform you that three of my children have been cured of Scrofula by the use of your excellent medicine They were afflicted very severely with bad sores; have taken only four bottles; it (see them away, for which I feel myself under deep obligation. Yours respectfully, ISAAC W. CRAIN, 106 Wooster street. New York, March 1, 1847.

RHEUMATISM & THE PILES. September 10, 1846.

Dr. Townsend—Dear Sir: My wife has been for several years afflicted with rheumatism. She has tried many different remedies to obtain some relief, but all to no purpose. She was finally induced, by seeing your advertisement, to give your Sarsaparilla a trial. We procured some of it from your agent (Mr. Van Buskirk) and it gives me pleasure to state that after using it she experienced great relief, and was in a very short time per-fectly cured. I was also (together with a man in my employ) badly troubled with piles, and by using a small quantity of your Sarsaparilla, our complaint was com-pletely cured. I consider it one of the best of medicines, and would advise all who are afflicted to give it a trial.

Clergymen and Physicians. As well as thousands of others, in all parts of the United States, are continually sending certificates and informing us of the benefits derived from Dr. Townsend's Sarsaparilla Dr. Townsend-Sir: Some time since you request my opinion of the virtues of your compound Syrup of saparilla; I am new prepared to give it. I have us ed it in my practice and prescribed it for the last few months, and musi give it my decided preference over aas to its medical virtues and the reasonable price at which you sell it. In scrofulous affections, cutapeous eruptions generally, dyspensia, indigestion, costive habits, and liver complaints, I am much pleased with its effects. In these complaints, or any other where scrofula is indicated. I can with confidence recommend it to orms, and to all, as a safe and valuable medicine Dr. Townsend-Dear Sir : Having for some time past and a continual pain in my side, owing to evening expe-sure in travelling after preaching, and finding my dis-ease to increase, with much difficulty of breathing and other alarming symptoms, I was advised by a clergyman, a friend of mine, to try your celebrated Sarsaparilla.
did so, and after taking two or three bottles I found my self relieved. My appetite has been restored. I find myself much stronger, and hope very soon to resume my usual duties. I have been so greatly benefitted by your excellent medicine, I feel it my duty to make known the facts for the benefit of others who may be laboring under the same difficulties that I have been for some time past. Yours, respectfully, SAM. WHITE, Nov. 22, 1816.] Pastor of Baptist Church, Staten Island.
